§ 9.105 Authority of Commission to investigate separations, suspensions, reassignments or demotion. * * *

(b) The Commission may investigate the removal, suspension, reassignment or demotion of an employee when such employee establishes a *prima facie* case that:

(1) The procedure prescribed by the Commission under § 9.102 (a) (1) has not been followed (regardless of other allegations); or

(2) The removal, suspension, reassignment or demotion was made for political reasons, except as may be required by law, or resulted from discrimination because of marital status.

Note: Allegations of discrimination because of race, religion, color or national origin will not be investigated under § 9.105 inasmuch as a procedure for review of such cases is provided by Executive Order 9980 and Part 410 of Title 5, Code of Federal Regulations.

(R. S. 1753, sec. 2, 22 Stat. 403; 5 U. S. C. 631, 633. E. O. 9830, Feb. 24, 1947, 12 F. R. 1259; 3 CFR 1947 Supp.)

3. Section 24.27 is amended to read as follows:

§ 24.27 Pharmacist, P-680-0 (all grades)—(a) *Educational requirements.* Applicants must have successfully completed one of the following: (1) A four-year course in pharmacy at an approved school; or (2) a resident course in pharmacy of two years or more at a college, university, or other institution above high school level and have had, in addition, sufficient progressive technical experience in the practice of pharmacy to total four years of combined education and experience.

(b) *Duties.* Pharmacists perform professional work in pharmacy involving the compounding of prescriptions, the dispensing of drugs, the manufacture of pharmaceutical and stock preparations, the checking of dated drugs for potency, the issuance of alcoholics and narcotics on proper order, the maintenance of pertinent records and stock and supplies, and the performance of related duties. In the higher grades, pharmacists may supervise other pharmacists in the performance of these duties or they may act as consultants and exercise over-all administration of pharmacy activities to determine that established policies and procedures are being followed and to develop procedures under established over-all policy.

(c) *Knowledge and training requisite for performance of duties.* The duties of a pharmacist cannot be successfully performed without a sound knowledge of the fundamental principles of pharmacy, and of chemistry, pharmacology, toxicology, bacteriology, therapeutics, and mathematics as related to pharmacy. The only method of obtaining this knowledge and training is by attending a school of pharmacy where systematic instruction and guidance, and adequate laboratory and library facilities are available, and where suitable standards are maintained and competent evaluations of the student's progress are made.

NOTE: This section is not applicable to positions in the Department of Medicine and Surgery, Veterans' Administration, the education requirement for which is established by Public Law 293, 79th Congress (sec. 5, 59 Stat. 676; 38 U. S. C. Sup. 15d).

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Plum Order 11]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.345 Plum Order 1—(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as

amended (7 CFR, Part 936, 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Beauty plums, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the *FEDERAL REGISTER* (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than May 25, 1949. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop and adequate information thereon was not available to the Plum Commodity Committee until May 16, 1949; recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on May 16, 1949, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about May 25, 1949, and this section should be applicable to all shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., May 25, 1949, and ending at 12:01 a. m., P. s. t., September 1, 1949, no shipper shall ship:

(i) Any package or container of Beauty plums containing plums which do not meet the requirements of the U. S. No. 1 grade (as specified for such grade in the revised United States Standards for plums and prunes (fresh); 7 CFR 51.360); or

(ii) Any package or container of Beauty plums containing plums of a size smaller than a size that will pack a 5 x 5 standard pack, as specified in the aforesaid United States Standards, in a standard basket, as specified in paragraph numbered 1 of section 828.1 of the Agricultural Code of California. The aforesaid 5 x 5 standard pack is defined more

specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{1}{16}$ inches in diameter, such diameter, as defined in the aforesaid revised United States Standards, being the shortest distance measured through the center of the plum at right angles to a straight line running from the stem to the blossom end; (ii) at least sixty (60) percent, by count, of the plums contained in such pack measure, as aforesaid, not less than $1\frac{1}{16}$ inches in diameter; and (iii) no plums contained in such pack measure, as aforesaid, less than $1\frac{1}{16}$ inches in diameter.

(3) Each shipper, prior to making each shipment of Beauty plums, shall, during the period set forth in subparagraph (1) of this paragraph, have the plums included in each such shipment inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved; and each such shipper shall submit promptly, or cause to be submitted promptly, to the Plum Commodity Committee, Federal-State shipping point inspection certificates stating the grades and sizes of the Beauty plums contained in each such shipment: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time; the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without such inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(4) Terms used in the amended marketing agreement and order shall, when used in this section, have the same meaning as is given to the respective term in said amended marketing agreement and order; and the term "serious damage" shall have the same meaning as set forth in the aforesaid revised United States Standards.

PART 936—FRESH BARTLETT PEARS, PLUMS,
AND ELBERTA PEACHES GROWN IN
CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.346 Plum Order 2—(a) *Findings.* Pursuant to the marketing agreement, as amended, and order No. 36, as amended (7 CFR, Part 936, 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Santa Rosa plums, as herein-after provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the *FEDERAL REGISTER* (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 1, 1949. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop and adequate information thereon was not available to the Plum Commodity Committee until May 16, 1949; recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on May 16, 1949, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about June 1, 1949, and this section should be applicable to all shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., June 1, 1949, and ending at 12:01 a. m., P. s. t., September 1, 1949, no shipper shall ship:

(i) Any package or container of Santa Rosa plums containing plums which do not meet the requirements of the U. S. No. 1 grade (as specified for such grade in the revised United States Standards for plums and prunes (fresh); 7 CFR 51.360); or

(ii) Any package or container of Santa Rosa plums containing plums of a size smaller than a size that will pack a 5 x 5 standard pack, as specified in the aforesaid United States Standards, in a standard basket, as specified in paragraph numbered 1 of section 828.1 of the Agricultural Code of California. The aforesaid 5 x 5 standard pack is defined more specifically in subparagraph (b) (4) of this paragraph.

(2) During the period set forth in subparagraph (b) (1) of this paragraph:

(i) The total quantity of Santa Rosa plums which a shipper may ship during any day, from any shipping point, shall meet the following additional conditions:

(a) Of said total quantity, at least eighty-five (85) percent, by number of packages, shall be of a size not smaller than a size that will pack a 4 x 5 standard pack, as specified in the aforesaid revised United States Standards, in the aforesaid standard basket; and said 4 x 5 standard pack is defined more specifically in subparagraph (b) (3) of this paragraph; and

(b) The remainder of such total quantity may be of a size that will pack a 5 x 5 standard pack, as aforesaid, or of larger sizes up to, but not including, a size that will pack a 4 x 5 standard pack, as aforesaid.

(ii) If any shipper, during any two (2) consecutive days, ships from any such shipping point less than the maximum allowable portion of such Santa Rosa plums that will pack a 5 x 5 standard pack and larger sizes, as aforesaid, the amount of such undershipment of such plums may be shipped only during the next succeeding calendar day, in addition to such Santa Rosa plums of such size that the respective shipper could have shipped on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(3) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure, not less than $1\frac{1}{16}$ inches in diameter, such diameter, as defined in the aforesaid revised United States Standards, being the shortest distance measured through the center of the plum at right angles to a straight line running from the stem to the blossom end; (ii) at least sixty (60) percent, by count, of the plums contained in such pack measure, as aforesaid, not less than $1\frac{1}{16}$ inches in diameter; and (iii) no plums contained in such pack measure, as aforesaid, less than $1\frac{1}{16}$ inches in diameter.

(4) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{1}{16}$ inches in diameter, such diameter, as defined in the aforesaid revised United States Standards, being the shortest distance measured through the center of the plum at right angles to a straight line running from the stem to the blossom end; (ii) at least sixty (60) percent, by count, of the plums contained in such pack measure, as aforesaid, not less than $1\frac{1}{16}$ inches in diameter;

inches in diameter; and (iii) no plums contained in any such pack measure, as aforesaid, less than $1\frac{1}{16}$ inches in diameter.

(5) Each shipper, prior to making each shipment of Santa Rosa plums, shall, during the period set forth in subparagraph (1) of this paragraph, have the plums included in each such shipment inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved; and each such shipper shall submit promptly, or cause to be submitted promptly, to the Plum Commodity Committee, Federal-State shipping point inspection certificates stating the grades and sizes of the Santa Rosa plums contained in each such shipment: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time; the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without such inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(6) Terms used in the amended marketing agreement and order shall, when used in this section, have the same meaning as is given to the respective terms in said amended marketing agreement and order; and the term "serious damage" shall have the same meaning as set forth in the aforesaid United States Standards.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., June 1, 1949, and ending at 12:01 a. m., P. s. t., September 1, 1949, no shipper shall ship:

(i) Any package or container of Formosa plums containing plums which do not meet the requirements of the U. S. No. 1 grade (as specified for such grade in the revised United States Standards for plums and prunes (fresh); 7 CFR 51.360) with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the usual tolerances permitted for such grade; or

(ii) Any package or container of Formosa plums containing plums of a size smaller than a size that will pack a 4 x 5 standard pack, as specified in the aforesaid United States Standards, in a standard basket, as specified in paragraph numbered 1 of section 828.1 of the Agricultural Code of California. The aforesaid 4 x 5 standard pack is defined more

specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{1}{16}$ inches in diameter, such diameter, as defined in the aforesaid revised United States Standards, being the shortest distance measured through the center of the plum at right angles to a straight line running from the stem to the blossom end; (ii) at least sixty (60) percent, by count, of the plums contained in such pack measure, as aforesaid, not less than $1\frac{1}{16}$ inches in diameter; and (iii) no plums contained in such pack measure, as aforesaid, less than $1\frac{1}{16}$ inches in diameter.

cent for defects not considered serious damage in addition to the usual tolerances permitted for such grade; or

(ii) Any package or container of Climax plums containing plums of a size smaller than a size that will pack a 4 x 5 standard pack, as specified in the aforesaid United States Standards, in a standard basket, as specified in paragraph numbered 1 of section 828.1 of the Agricultural Code of California. The aforesaid 4 x 5 standard pack is defined more specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{1}{16}$ inches in diameter, such diameter, as defined in the aforesaid revised United States Standards, being the shortest distance measured through the center of the plum at right angles to a straight line running from the stem to the blossom end; (ii) at least sixty (60) percent, by count, of the plums contained in such pack measure, as aforesaid, not less than $1\frac{1}{16}$ inches in diameter; and (iii) no plums contained in such pack measure, as aforesaid, less than $1\frac{1}{16}$ inches in diameter.

(3) Each shipper, prior to making each shipment of Climax plums, shall, during the period set forth in subparagraph (1) of this paragraph, have the plums included in each such shipment inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved; and each such shipper shall submit promptly, or cause to be submitted promptly, to the Plum Commodity Committee, Federal-State shipping point inspection certificates stating the grades and sizes of the Climax plums contained in each such shipment: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without such inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(4) Terms used in the amended marketing agreement and order shall, when used in this section, have the same mean-

ing as is given to such term in said amended marketing agreement and order; and the term "serious damage" shall have the same meaning as set forth in the aforesaid revised United States Standards.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

I 25 CFR, Part 130 I

CROW INDIAN IRRIGATION PROJECT, MONTANA

OPERATION AND MAINTENANCE CHARGES

MAY 17, 1949.

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Pub. Law 404, 79th Cong., 60 Stat. 238) and authority contained in acts of Congress approved August 1, 1914; June 4, 1920; May 26, 1926, and March 7, 1928 (38 Stat. 583, 25 U. S. C. 385; 41 Stat. 751; 44 Stat. 658, 45 Stat. 210, 25 U. S. C. 387) and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs September 11, 1946 (11 F. R. 10279) and by virtue of authority delegated by the Commissioner of Indian Affairs to the District Director September 14, 1946, notice is hereby given of intention to promulgate new §§ 130.13 (a), 130.13 (b) and 130.13 (c) of Title 25, Code of Federal Regulations, dealing with irrigable lands on the Crow Indian Irrigation Project that are subject to the jurisdiction of the three Irrigation Districts.

Charges applicable to all irrigable lands in the Crow Indian Irrigation Project that are included in the Irrigation District organizations and are subject to the jurisdiction of the three Irrigation Districts:

(a) *Big Horn Irrigation District; charges.* Pursuant to a contract executed by the Big Horn Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given of intention to fix an assessment of \$14,980 for the season of 1950 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines of and under the jurisdiction of the Big Horn Irrigation District. This assessment involves an area of approximately 7,493 acres; does not include any land held in trust for Indians, and covers all proper general charges and project overhead.

(b) *Lower Little Horn and Lodge Grass Irrigation District; charges.* Pursuant to a contract executed by the Lower Little Horn and Lodge Grass Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given of intention to fix an assessment of \$4,850 for the season of 1950 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines of and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District. This assessment involves an area of approximately 2,427 acres; does not include any land held in trust for Indians, and covers all proper general charges and project overhead.

(c) *Upper Little Horn Irrigation District; charges.* Pursuant to a contract executed by the Upper Little Horn Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given of intention to fix an assessment of \$2,920 for the season of 1950 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines of and under the jurisdiction of the Upper Little Horn Irrigation District. This assessment involves an area of approximately 1,460 acres; does not include any land held in trust for Indians, and covers all proper general charges and project overhead.

The foregoing proposed new regulations are to become effective for the irrigation season of 1950 and continue in effect thereafter until further notice.

Interested persons are hereby given opportunity to participate in preparing the proposed new operation and maintenance orders by submitting their views and data or argument in writing to Paul L. Fickinger, Regional Director, U. S. Indian Service, 804 North 29th Street, Billings, Montana, within 30 days from the date of the publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

PAUL L. FICKINGER,
Regional Director.

[Misc. 2145343]

WYOMING

ORDER OPENING LANDS TO MINERAL LOCATION,
ENTRY AND PATENTING

Under authority and pursuant to the act of April 23, 1932 (47 Stat. 136, 43 U. S. C. 154), and the regulations thereunder contained in 43 CFR 185.36, and subject to valid existing rights, it is hereby ordered that the following described lands be, and the same are hereby opened to location, entry and patenting under the United States mining laws, subject to the stipulations mentioned below:

SIXTH PRINCIPAL MERIDIAN

T. 53 N., R. 102 W.
Sec. 27, Lot 4, SW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$
NE $\frac{1}{4}$, W $\frac{1}{2}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$.

The area described aggregates 75.04 acres.

In carrying on the mining and milling operations contemplated hereunder Locators will, by means of substantial dikes or other adequate structures, confine all tailings, debris, and harmful chemicals in such a manner that the same shall not be carried beyond the herein described lands by storm waters or otherwise.

There is reserved to the United States, its successors and assigns, the prior right to use any of the lands hereinabove described, to construct, operate, and maintain dams, dikes, reservoirs, canals, wasteways, laterals, ditches, telephone and telegraph lines, electric transmission lines, roadways, and appurtenant irrigation structures, without any payment made by the United States or its successors for such right, with the agreement on the part of the Locators that if the construction of any or all of such dams, dikes, reservoirs, canals, wasteways, laterals, ditches, telephone and telegraph lines, electric transmission lines, roadways, or appurtenant irrigation structures across, over, or upon said lands should be made more expensive by reason of the existence of improvements or workings of the Locators thereon, such additional expense is to be estimated by the Secretary of the Interior, whose estimate is to be final and binding upon the Locators, and that within thirty days after demand is made upon the Locators for payment of any such sums, the Locators will make payment thereof to the United States or its successors constructing such dams, dikes, reservoirs, canals, wasteways, laterals, ditches, telephone and telegraph lines, electric transmission lines, roadways, or appurtenant irrigation structures across, over, or upon said lands. The Locators further agree that the United States, its officers, agents, and employees and its successors and assigns shall not be held liable for any damage to the improvements or workings of the Locators resulting from the construction, operation, and maintenance of any of the works hereinabove enumerated.

The Locators further agree to protect the so-called "Newton Lake", which is partially located within the herein described lands, from pollution, drainage or other damage to the waters, lands or recreational values thereof, and that they shall deprive no person of free access to said "Newton Lake" or his exercise of his lawful rights thereon. In event of damage to said lake, waters, lands or recreational values thereof, the Locators agree to repair such damage at their own expense in the manner required by the Secretary of the Interior.

This order shall not become effective to change the status of the lands until 10:00 a. m. on June 21, 1949, at which time the lands shall, subject to valid existing rights and the provisions of existing withdrawals and of this order, become subject to disposition under the United States mining laws only, as above provided.

MASTIN G. WHITE,
Acting Assistant Secretary
of the Interior.

Bureau of Reclamation

RESERVOIRS OF COLORADO-BIG THOMPSON,
NORTH PLATTE, KENDRICK, AND MIRAGE
FLATS PROJECTS

PUBLIC USE REGULATIONS

APRIL 26, 1949.

The following regulations supersede those dated April 20, 1948, and published in the FEDERAL REGISTER of May 25, 1948. They have been established to assure safest and fullest possible recreation use of the reservoirs of the Colorado-Big Thompson, North Platte, Kendrick, and Mirage Flats Projects of the Bureau of Reclamation compatible with the uses and primary purposes for which the reservoirs were constructed. These areas are in part public playgrounds and should be enjoyed to the fullest extent. Adherence to these regulations will help assure that enjoyment.

1. *Permits*—(a) *Boating permit*. Any person desiring to place a boat (including all types of floating craft) on any of the reservoirs of the Colorado-Big Thompson, North Platte, Kendrick, or Mirage Flats Projects of the Bureau of Reclamation must first obtain a boating permit. An application form for a boating permit may be obtained in person or by writing the project office of the Bureau of Reclamation concerned or any other office later designated. The project offices and their locations are as follows:

Colorado-Big Thompson Project: Bureau of Reclamation, Building 10, Denver Federal Center, Denver, Colorado.

North Platte Project: Bureau of Reclamation, Casper, Wyoming.

Kendrick Project: Bureau of Reclamation, Casper, Wyoming.

Mirage Flats Project: Bureau of Reclamation, Hay Springs, Nebraska.

The permit will be issued for use of the boat on the project concerned, following receipt of the application and the fee for such permit, the amount of which is defined in the boat classification given below. The permittee will be furnished a permit card which must be available for inspection at all times while his boat is being used on any of the project reservoirs. In addition, each permittee will be assigned a license number corresponding to that of his permit that must be displayed in a conspicuous place and in a legible manner on the prow of the boat in metal or painted numerals at least three inches in height. Permits shall continue in force until the end of the calendar year during which they are issued, unless revoked for a violation of laws or of the public use regulations. Permits may be transferred with the boat at no additional cost upon sale of the boat, provided notice of that sale is furnished the Bureau of Reclamation at the office of issue. Where deemed desirable, the Bureau of Reclamation may issue a boating permit for more than one project, where such projects are in close relationship to each other.

PERMIT RATES BY BOAT CLASSES:

I. Boats for personal use.

A. Manually operated craft—\$1.00.

B. Sailboats and motorboats with overall length of 16 feet or less—\$2.00.

C. Sailboats and motorboats with overall length of more than 16 feet and not more than 26 feet—\$4.00.

D. Sailboats and motorboats with overall length of more than 26 feet—\$6.00.

II. Boats for hire (including boats operated for fee or profit either as direct charge to a second party or as incident to other services provided to the second party).

A. Manually operated craft—\$2.00.

B. Sailboats and motorboats with overall length of 16 feet or less—\$4.00.

C. Sailboats and motorboats with overall length of more than 16 feet and not more than 26 feet—\$8.00.

D. Sailboats and motorboats with overall length of more than 26 feet—\$12.00.

The number of permittees under this class (Class II) for a certain reservoir may be restricted by the Bureau of Reclamation if such restriction is necessary in order to properly operate and care for the reservoir and its recreational values. Permission to place boats for hire on a reservoir for one year does not guarantee in any way that the same permittee will be allowed the same privilege or have priority for that privilege in the following year or years unless it has been covered by lease or concession contract with the Bureau of Reclamation.

Manually operated craft are all craft whose movement through the water during the boating year is dependent entirely upon manual propulsion.

Sailboats are craft whose movement through the water at any time during the boating year is dependent upon the use of sails.

Motorboats are craft whose movement through the water at any time during the boating year is dependent upon the use of an inboard or outboard motor or

engine. Some boats might be classified as both sailboats and motorboats as defined but separate differentiation need not be here made since the same permit classes include both types of boats.

Over-all length is the longest distance between the two outer extremities of the boat or any permanent structure attached thereto.

The Bureau of Reclamation may restrict or prohibit the operation of privately owned boats on any of the reservoirs and may also designate the size and class of boats which may be operated thereon as local conditions may require. Otherwise, all types of boats are allowed on the reservoirs with the exception of what is commonly known as a houseboat.

(b) *Dock, pier, boathouse, mooring permit.* Each boating permit issued according to the above provisions carries permission to install a dock, pier, boathouse, or mooring suitable for the boats covered by it, but in a manner, design, and location agreeable to the Bureau of Reclamation, providing that, in the opinion of the Bureau of Reclamation, such installation is desirable. Before installation of dock, pier, boathouse, or mooring is made on any of the reservoirs of a specific project, approval in writing must be obtained through the office that issued the boating permit. The docks, piers, boathouses, and moorings are subject to relocation or removal at the discretion of the Bureau of Reclamation in the best interest of the project.

(c) *Compliance with Federal and State laws.* The operations of each permittee shall at all times be conducted in accordance with all applicable Federal and State laws and the rules and regulations issued thereunder. Failure of the permittee to abide by any of the terms or conditions of any applicable Federal or State laws, or rules and regulations issued thereunder, shall cause the permit to be subject to immediate termination at the option of the United States.

2. *Safety equipment requirements.* (a) Each manually operated craft, sailboat, or motorboat in use at any time between sunset and sunrise shall carry a lantern or other suitable light visible all around the horizon.

(b) Each manually operated craft, sailboat, or motorboat must be provided with the following:

(1) An anchor of sufficient size and a chain, cable, or rope of sufficient length and strength to hold the boat in case of accident, storm, or other emergency.

(2) Paddles or oars.

(3) Efficient life preservers equal in number to the maximum number of persons to be carried.

(4) A ready means of hand bailing or, if this would be impossible or impractical due to the boat's size or construction, adequate bilge pumps.

(c) Metal boats of any type must have sufficient air chambers, tanks, or flotation gear to safely hold up the boat when filled to proper carrying capacity should accident or other emergency necessitate their doing so.

(d) Specific safety requirements for motorboats:

(1) Motorboats with inboard engines must have:

(a) A flame arrester on the carburetor, if the combustion air is taken from below the deck line or from the engine compartment.

(b) A provision for adequate ventilation of the engine compartment.

(c) One of the following types of fire extinguishers:

1 quart carbon tetrachloride

or

1 1/4 gallons foam,

or

4 pounds CO₂

(2) Motorboats with outboard engines must have:

(a) Mufflers or silencing devices.

3. *General traffic rules.* (a) When boats are approaching each other head-on or so nearly as to endanger collision, it shall be the duty of each to turn to the right to pass the other.

(b) When two boats are crossing so as to involve risk of collision, the boat which has the other on her starboard or right side shall keep out of the way of the other boat.

(c) A boat overtaking any other boat shall keep out of the way of the overtaken boat.

(d) The following takes precedence when a meeting occurs between boats of different classifications: Manually operated craft take precedence over all other craft. Sailboats take precedence over motorboats but must give way to manually operated craft. Motorboats must give way to all other types of craft.

(e) All motorboats must remain at a reasonably safe distance from manually operated craft and sailboats, and must not circle same or approach in such a manner or close enough to cause waves or spray to inconvenience occupants of those boats.

(f) Motorboats must reduce speed when approaching or leaving public boat launching and landing areas so as not to create undue disturbance to the water or interference with other boats.

(g) No boat can approach closer than 200 feet to any dam or other restricted water area as designated, unless duly authorized by the Bureau of Reclamation.

(h) All boats must be operated in such a manner so as not to endanger the lives or property of other persons.

4. *Safety rules and procedures.* (a) The number of people riding in a boat shall not exceed its proper carrying capacity.

(b) In case of distress three quickly repeated signals repeated at regular intervals should be used. These signals could be made by calling, whistling, waving a flag or lighted flashlight, or by other means. Anyone is morally obligated to rescue the party in distress, but if he is incompetent to do so, he is obligated to notify Bureau of Reclamation personnel, boaters, picnickers, or other persons of the evident need for aid. A rescue party may cause the signaler considerable expense. The distress signal, like the S. O. S., is never to be used except when life or property is actually in danger, and outside help must be obtained. Whoever receives such distress signals should acknowledge it in a practical manner, preferably by two signals

of similar character as received, repeated at regular intervals.

(c) Because of the possibility of fire, the motor or engine of inboard motorboats must be started and running before any passengers are loaded. Refueling operations of such boats will be carried on at a safe distance from all public use areas except public boat docks. Such boats must not be refueled with passengers on board.

(d) All boats used for passenger service must be operated at all times by a competent and experienced operator while in such use.

(e) Boats which in the opinion of the representative of the Bureau of Reclamation, whose opinion shall be final and conclusive, are not properly constructed, operated, or maintained, shall not be permitted to be placed or remain on the waters of the reservoirs.

(f) Small boats shall be securely anchored or tied up when not in use. Boats found floating loose on the reservoir may be taken up; and the permittee shall be liable to the United States for any expense incurred in making the boat secure. Owners thereof shall be liable to the United States for any damage done by their boat to works of the United States. Boats shall not be left in the reservoir proper during the winter months.

5. *Regattas and racing.* Regattas and racing are prohibited unless duly authorized by the Bureau of Reclamation.

6. *Violation of regulations.* The permit of any person violating any of the foregoing regulations may be revoked, and such person shall remove his boat and dock, pier, boathouse, or mooring, where installed, from the reservoir and lands adjacent to the reservoir; failing to do so the offending boat and dock, pier, boathouse, or mooring, where installed, may be removed and held for the costs of removal.

7. *Public boat launching and landing.* The Bureau of Reclamation may restrict certain areas, when and where necessary, for the exclusive purpose of public boat launching and landing.

8. *Cars.* Cars must be confined to roads and parking areas. Roads must not be used for parking where parking areas have been designated.

9. *Swimming.* Swimming is permitted except within 500 feet of any dam or other restricted water area as designated.

10. *Airplanes.* Airplanes must not land on or take off from the reservoirs.

11. *Fires.* The Bureau of Reclamation may restrict or prohibit, when and where necessary, the building of fires. Where fires are allowed they may be built only where they will not damage live trees, shrubs, grass, or other plants. Fires may not be left unattended and must be extinguished before leaving. Only dead trees and brush may be used for fires where firewood has not been furnished. Lighted matches, cigarettes, cigars, and ashes should never be thrown on the ground without first being extinguished.

12. *Sanitation.* Refuse, garbage, rubbish, or waste of any kind shall not be placed or thrown in the reservoir waters or on any of the United States lands adjacent to the reservoir, but shall be burned or buried or disposed of at design-

NOTICES

nated points or places assigned for the sanitary disposal thereof.

13. *Picnicking.* Picnicking is allowed on the United States lands adjacent to the reservoir except when and where the Bureau of Reclamation finds it necessary to restrict or prohibit such use. Any area used for picnicking must be cleaned after using.

14. *Damage to property.* The destruction, injury, defacement, or removal of public property or vegetation (trees, shrubs, and other plants), rock, or minerals is prohibited.

15. *Order.* No person who is under the influence of intoxicating liquor or narcotic drugs shall be permitted upon Government lands adjacent to the reservoirs, in boats on the water, or in or upon the waters of the reservoirs.

16. *Disorderly conduct.* Persons who render themselves obnoxious by disorderly conduct or by bad behavior will be summarily removed from the Government lands adjacent to the reservoirs or from the waters or from on the waters of the reservoirs.

17. *Camping.* The Bureau of Reclamation may restrict or prohibit camping when and where necessary. Campers shall occupy only those sites designated by the Bureau of Reclamation or its representatives and limitations may be established on the time allowed for camping in any public camping area. Campers shall keep their campsites clean. The digging or levelling of the ground in any campsite without permission is prohibited. Camps must be completely razed and sites cleaned before campers depart from the campsite.

18. *Construction of facilities and changing reservoir shoreline.* The installation or construction of any facility on the United States lands adjacent to the reservoir or any change in the shoreline of the reservoirs is prohibited unless due authority is given by the Bureau of Reclamation for such installation, construction, or change to be made.

19. *Private notices and advertisements.* Private notices and advertisements shall not be posted, distributed, or displayed on the United States lands adjacent to a reservoir except such as the Bureau of Reclamation may deem necessary for the convenience and guidance of the public using the area for recreational purposes.

20. *Establishment of businesses on Bureau of Reclamation lands.* No person, firm, or corporation or their representatives shall engage in or solicit any business on a reservoir or the United States lands adjacent to the reservoir without permission in writing from the Bureau of Reclamation or in accordance with terms of a lease or concession contract with the Bureau of Reclamation.

21. *Concession and other charges to public.* Any concession or other business operating on a reservoir or on United States lands adjacent to a reservoir must post the charges for its services, refreshments, and other items in conspicuous places. All prices shall be within reason and be approved by the Bureau of Reclamation.

22. *Hunting and fishing.* Hunting and fishing are permitted upon compliance with the laws, rules, and regulations

prescribed by the State concerned, but subject to such additional regulations as may be issued by the United States in order to protect the reservoir or other project features or to protect the area as a Fish and Wildlife Service Refuge if it has been so established. *Provided, however,* That no hunting will be permitted on any Bureau of Reclamation lands lying within the exterior boundaries of Rocky Mountain National Park.

23. *Firearms.* The carrying of firearms is prohibited on reservoirs or on United States lands adjacent to the reservoirs except when and where hunting is allowed in compliance with Section 22 above.

24. *Waiver of liability.* The main purpose of Reclamation reservoirs is to impound water for irrigation and other regulatory purposes. Accordingly, any person at any time going in or upon the waters thereof or upon any of the structures of lands upon the margin thereof, or upon adjacent lands belonging to the United States, and held in reserve for the use in connection therewith, whether as lessee, contractee, or permittee of the United States, or otherwise, thereby assumes all risks of injury to or death of himself by damage to or destruction of property resulting directly or indirectly, wholly or in part, from said reservoir or appurtenant structures, or their construction, operation, and control by the United States.

BUREAU OF RECLAMATION,
[SEAL] MICHAEL W. STRAUS,
Commissioner.

Notice is hereby given that on April 11, 1949, an application was filed with the Federal Power Commission by El Paso

Natural Gas Company, a Delaware corporation with its principal place of business at El Paso, Texas, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following facilities:

(a) A meter station and regulator with a delivery capacity of at least 8 million cubic feet of gas per year and with a daily delivery capacity of at least 40,000 cubic feet of gas per day. Said meter station and regulator to be located at Ajo-Heights, Arizona, near the service meter of the Phelps-Dodge Power Plant at Ajo-Heights and to be located on Applicant's 8 $\frac{1}{8}$ " pipeline.

(b) A meter station and regulator with a capacity of 78 million cubic feet of gas per year and a daily capacity of 500,000 cubic feet of gas per day. Said meter station and regulator to be located on Applicant's 4 $\frac{1}{2}$ " pipeline near Patagonia, Arizona.

Applicant proposes by means of the above facilities to be located at Ajo-Heights, Arizona, to deliver natural gas to the Arizona-Edison Company for distribution in that city. It is contemplated that the requirements will be 6,500,000 cubic feet of gas per year for residential use and 1,500,000 cubic feet of gas per year for commercial use.

It is proposed by Applicant, by means of the facilities to be located at Patagonia, Arizona, to deliver natural gas to the Southern Utilities for distribution to the residents of that city. It is contemplated that the requirements will be 66 million cubic feet per year for residential use and 12 million cubic feet per year for commercial use.

The total estimated over-all capital cost of the facilities above described will be \$3,000 and is to be financed out of current funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

The application of El Paso Natural Gas Company is on file with the Commission and open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 or 1.10, whichever is applicable, of the Commission's rules of practice and procedure.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2143]

CONSOLIDATED ELECTRIC AND GAS CO.
AND SOUTHERN CITIES ICE CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 18th day of May A. D. 1949.

Notice is hereby given that Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, and its non-utility subsidiary, Southern Cities Ice Company ("Southern"), have filed a joint application-declaration with this Commission pursuant to sections 6 (a), 7, 9 (a) and 10 of the Public Utility Holding Company Act of 1935 ("Act") with respect to the acquisition by Southern of a certain ice manufacturing plant and facilities and related transactions.

In order to obtain the summer season benefits of operating said ice plant, applicants-declarants request that the Commission's order granting and permitting to become effective said application-declaration be issued on or before May 31, 1949 and become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than 12:00 noon, e. d. s. t., May 31, 1949, request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law, raised by said application-declaration which he proposes to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street, NW, Washington 25, D. C. At any time after 12:00 noon, e. d. s. t., May 31, 1949, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration, which is on file in the offices of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Southern is engaged in the manufacture of ice and the sale of ice and coal in several cities in the State of South Carolina. B. O. Browder, General Manager of Southern, on May 12, 1949, purchased the plant and property of the Timmonsville Ice & Fuel Company, Timmonsville, South Carolina, which company serves an area adjacent to the territory served by Southern, for \$10,000 cash and \$30,000 principal amount of 4% notes maturing serially to May 1, 1954. Such notes may be prepaid without premiums.

Southern proposes to purchase the plant and property formerly owned by Timmonsville Ice & Fuel Company from

NOTICES

B. O. Browder for \$40,000 by payment of \$10,000 cash and the assumption of liability for the \$30,000 principal amount of serial notes issued by Browder.

Southern estimates that expenses to be incurred in connection with the proposed transactions will not exceed \$300.00.

ASSOCIATED ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 18th day of May 1949.

Notice is hereby given that Associated Electric Company ("Aelec"), a registered holding company, has filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935. Applicant-declarant has designated sections 9 (a), 10 and 12 (b) of the act and Rule U-45 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than May 31, 1949, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interests, the reasons for such request and the issues of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW, Washington 25, D. C. At any time after May 31, 1949, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

As at March 31, 1949, Manila Electric Company ("Manila"), a subsidiary of Aelec, had outstanding 97,220 shares of \$50 par value common stock, having an aggregate par value of \$4,861,000; an open account payable to Aelec in the face amount of \$12,646,260, and \$560,938 of accrued interest payable since January 1, 1948, on the open account; and \$2,400,000 of notes payable to banks. The open account payable to Aelec is subordinate to the notes payable to banks located in the Philippines.

Manila proposes to increase its capital stock so as to have outstanding 350,000 shares of \$10 par value 6 1/4% cumulative preferred stock, dividends to be cumula-

tive from January 1, 1948; and 1,000,000 shares of \$10 par value common stock.

Manila will deliver to Aelec 486,100 shares of the new \$10 par value common stock in exchange for the 97,220 shares of \$50 par value common stock now held by Aelec. In satisfaction of the open account payable to Aelec, Manila will deliver to Aelec (a) \$4,000,000 face amount of 5 3/4% ten-year notes dated January 1, 1948, (b) 350,000 shares of \$10 par value 6 1/4% cumulative preferred stock, (c) 513,900 shares of the new \$10 par value common stock, and (d) cash in the amount of \$7,260. Aelec will make a cash capital contribution to Manila of \$7,260.

In accordance with the loan agreement entered into between Manila and the banks located in the Philippines, and consented to by Aelec, Aelec may obtain the new securities of Manila but Manila may not pay any dividends or interest on the new securities unless Aelec forthwith advances to Manila on open account, or makes a capital contribution to it of, an amount at least equal to the amount then paid to it as interest or dividends. Accordingly, Aelec will, from time to time, make capital contributions or open account advances to Manila in amounts at least equal to the amounts received by Aelec from time to time as interest or dividends on Manila's new securities.

The Public Service Commission of the Republic of the Philippines has approved the issue and sale by Manila of the new common and preferred stock and of the ten year notes. Applicant-declarant states that none of the provisions of the act is applicable to the proposed transactions, in so far as Manila is concerned, by reason of an exemption granted that company by order of this Commission dated March 26, 1941 (8 S. E. C. 1014) as extended by further order dated March 20, 1943 (Holding Company Act Release No. 4188).

ALABAMA GAS CORP.

SUPPLEMENTAL ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 18th day of May A. D. 1949.

Alabama Gas Corporation ("Alabama"), a subsidiary of Southern Natural Gas Company ("Southern"), a registered holding company, having filed an application with the Commission, pursuant to the Public Utility Holding Company Act of 1935, regarding the issuance and sale by Alabama, at competitive bidding pursuant to Rule U-50, of \$6,000,000 principal amount of First Mortgage Bonds, --%, Series A, due 1971.

The Commission having, by order dated May 9, 1949, granted the applica-

tion, as amended, subject, among other things, to the condition that the proposed issuance and sale of these securities should not be consummated until the results of competitive bidding had been made a matter of record in this proceeding and a further order entered by the Commission in the light of the record so completed and reserving jurisdiction over the payment of all legal fees and other remunerations incurred or to be incurred in connection with the proposed issuance and sale of these Series A bonds;

Alabama having filed an amendment to the application setting forth the action taken by it to comply with the requirements of Rule U-50 and stating that pursuant to the invitation for competitive bids the following bids were received:

Name of bidder	Coupon rate	Price to company	Cost of money to company
White, Weld & Co., Halsey, Stuart & Co., Inc.	3 1/8	100.1019	3.1185655
The First Boston Corp.	3 1/4	102.018	3.12250246
Solomon Bros., Hutzler & Co.	3 1/8	100.036	3.122726
	3 1/4	101.25907	3.170020

It further appearing that Alabama has accepted the bid of White, Weld & Co. and that these bonds are to be resold to the public at 100.70% of the principal amount thereof plus accrued interest from April 1, 1949, representing a spread to the underwriters of 0.5981%;

It is ordered, That said application, as amended, be, and the same hereby is, granted subject to the terms and conditions prescribed by Rule U-24, the reservation of jurisdiction with respect to the payment of any and all legal fees and remunerations incurred or to be incurred in connection with the issuance and sale of these bonds being continued in full force and effect.

GULF OIL CORP.

FINDINGS AND ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 19th day of May A. D. 1949.

The Boston Stock Exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 thereunder, has made application for unlisted trading privileges in the Capital Stock, \$25 Par Value, of Gulf Oil Corporation.

After appropriate notice and opportunity for hearing and in the absence of any request by any interested person for hearing on this matter, the Commission on the basis of the facts submitted in the application makes the following findings:

(1) That this security is registered and listed on the New York Stock Exchange; that the geographical area deemed to constitute the vicinity of the Boston Stock Exchange is the New England States exclusive of Fairfield County, Connecticut; that out of a total of 11,345,250 shares outstanding, 38,088 shares are owned by 523 shareholders in the vicinity of the Boston Stock Exchange; and that in the vicinity of the Boston Stock Exchange there were 2,505 transactions in this security involving 183,698 shares during the period from February 1, 1948, to February 1, 1949;

(2) That sufficient public distribution of, and sufficient public trading activity in, this security exist in the vicinity of the applicant exchange to render the extension of unlisted trading privileges thereto appropriate in the public interest and for the protection of investors; and

(3) That the extension of unlisted trading privileges on the applicant exchange to this security is otherwise appropriate in the public interest and for the protection of investors.

Accordingly it is ordered, Pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934, that the application of the Boston Stock Exchange for permission to extend unlisted trading privileges to the Capital Stock, \$25 Par Value, of Standard Oil Company (New Jersey) be, and the same is, hereby granted.

By the Commission.

FLORIDA POWER & LIGHT CO.

NOTICE OF FILING OF ORIGINAL COST STUDIES AND OF PROPOSALS FOR DISPOSITION OF ADJUSTMENTS RELATING TO ELECTRIC, GAS AND ICE PLANT

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 18th day of May 1949.

Notice is hereby given that Florida Power & Light Company ("Florida"), has filed studies and amendments thereto relative to the original cost and reclassification of the company's electric, gas, and ice plant accounts as of December 31, 1941. The studies filed include proposals for the disposition of certain adjustments relating to the company's electric, gas, and ice plant accounts. Florida is a public utility subsidiary of American Power & Light Company, a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company. The studies, and amendments thereto, were filed pursuant to the Public Utility Holding Company Act of 1935 particularly sections 15 and 20 (b) thereof and Rule U-27 thereunder.

Notice is further given that any interested person may, not later than June 1, 1949, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law raised by said proposals intended to be controverted, or may request that he be notified should the Commission order a hearing thereon. Any such request should be addressed as follows: Secretary, Securities and Exchange Commission, 425 Second Street NW, Washington 25, D. C. At any time after June 1, 1949, the Commission may take such action as may be deemed appropriate with respect to the matters to which the filing herein relates.

All interested persons are referred to said studies which are on file in the offices of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

On March 19, 1947, Florida initially filed original cost and reclassification studies of the company's plant accounts as of December 31, 1941. The studies were filed in accordance with Plant Instruction 2-D of the Uniform System of Accounts prescribed by the Federal Power Commission for electric utilities, or

the Uniform System of Accounts recommended by the National Association of Railroad and Utilities Commissioners for gas utilities. Both of the above-mentioned systems of accounts are applicable to Florida by virtue of this Commission's Rule U-27, promulgated under the Public Utility Holding Company Act of 1935. In said studies Florida represented that \$10,476,301.82 had been reclassified to Account 100.5—Electric Plant Acquisition Adjustments, and \$29,617,839.50 to Account 107—Electric Plant Adjustments.

The staff of the Commission made a field examination and filed its report in connection therewith. Copies of the staff's report were submitted to the company. Florida has amended its studies to give effect to the recommendations contained in the staff's report and now proposes to classify \$10,169,490.74 in Account 100.5—Electric Plant Acquisition Adjustments, an amount of \$32,732,495.94 in Account 107—Electric Plant Adjustments, an amount of \$204,486.41 in Account 108.17—Gas Plant Adjustments, and an amount of \$2,057,220.38 in Account 108.27—Ice Plant Adjustments.

Between the effective date of its original cost study and the date of filing thereof, Florida disposed of a total of \$29,617,839.11 of Account 107, pursuant to proposals which were authorized by an order of this Commission, dated December 28, 1943. Also pursuant to proposals authorized by the above-mentioned order, and/or an order dated July 17, 1947, Florida established a "Reserve for Plant Adjustments" in the total amount of \$2,815,655. \$1,815,655 of the above-mentioned reserve was established for the disposition of such capitalized intra-system profits as might properly be reclassified to Account 107, and \$1,000,000 for the general disposition of other items reclassified to Account 107.

Pursuant to the terms of the Commission's order of December 28, 1943, as amended by the order of July 17, 1947, Florida was ordered to credit Account 258—Reserve for Contingencies with a total amount of \$700,000.00 per annum, to continue until the determination of the definitive amount to be classified to Account 100.5—Electric Plant Acquisition Adjustments. There was \$3,500,000.00 in such reserve on December 31, 1948.

Florida proposes to transfer any balance remaining in Account 258—Reserve for Contingencies, after certain charges proposed to be made to such account, to Account 252—Reserve for Amortization of Electric Plant Acquisition Adjustments. Florida proposes to continue to make annual accruals in the amount of \$700,000.00 to said reserve, reserving all its rights with respect to the amortization or final disposition of any amounts so reserved.

Florida proposes to charge Account 258—Reserve for Contingencies in an amount of \$703,003.57, to charge Account 250—Reserve for Depreciation in an amount of \$3,072,921.48, to charge Reserve for Plant Adjustments in an amount of \$2,815,655.00, to credit Account 250—Reserve for Depreciation in an amount of \$1,215,216.43, to credit Account 107—Electric Plant Adjustments

in an amount of \$3,114,656.83, to credit Account 108.17—Gas Plant Adjustments in an amount of \$204,486.41, and to credit Account 108.27—Ice Plant Adjustments in an amount of \$2,057,220.38. The result of such transactions will be to completely eliminate all Plant Adjustments in electric, gas and ice plants.

By the Commission.

[Vesting Order 13285]

WALTER KLEIN

In re: Claim and stock owned by Walter Klein. F-28-29486-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Walter Klein, whose last known address is Berlin-Charlottenburg 4, Clausewitzstraße 4, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. That certain claim against the State of Connecticut, and the State Treasurer of the State of Connecticut, arising by reason of the collection or receipt by said State Treasurer of the State of Connecticut pursuant to the provisions of Section 5236, 1949 General Statutes Revision, of the following: That certain sum of money in the amount of \$176.00, representing unclaimed liquidating dividends on eleven hundred shares of the Rossia International Corporation, Hartford, Connecticut, said sum being presently on deposit with the State Treasurer of the State of Connecticut, and any and all rights to file with said State Treasurer, demand, enforce and collect the aforesaid claim, and

b. One thousand (1,000) shares of no par value capital stock of Rossia International Corporation, Hartford, Connecticut, a corporation organized under the laws of the State of Connecticut, evidenced by certificates numbered N1428 through N1437 inclusive, for one hundred shares each, registered in the name of Walter Klein, and presently in the custody of The Chase National Bank of New York, 18 Pine Street, New York, New York, in a safekeeping account numbered FS86240 and entitled Handelstrust West NV, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Walter Klein, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on May 17, 1949.

[Vesting Order 13265]

YOSHIO WATANABE

In re: Bank account owned by Yoshio Watanabe. D-39-1491-E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Yoshio Watanabe, whose last known address is Miyagi, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation of United States National Bank of San Diego, 202 Broadway, San Diego, California, arising out of a savings account, account number 14362, entitled Yoshio Watanabe, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Yoshio Watanabe, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on May 12, 1949.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.
